RE: San Juan Multi-Modal Transportation System: Infrastructure Maintenance

Dear Executive Director:

The Department of Transportation and Public Works ("DTPW") of the Commonwealth of Puerto Rico (the "Commonwealth") strongly supports the San Juan Multi-Modal Transportation System Project which plans to develop a multimodal transportation system that will contribute to the improvement and overall reliability of the system that serves pedestrians, cyclists, public transportation and vehicles, among others. The project will have a long-term impact on the community, as well as tourist and visitors.

As indicated by law, the DTPW has the responsibility to provide proper maintenance for state roads. We hereby attest that the DTPW will comply with such responsibility in the state's roads along the San Juan Multi-Modal Transportation System Project.

We strongly support this project as part of our mission to improve the quality of life of the residents and visitors of the Municipality of San Juan.

Cordially,

Miguel Torres, P.E.
Secretary
