To whom it may concern,

“El Taller de Fotoperiodismo” is a non-profit organization founded 20 years ago by a group of journalists, photojournalists and educators. Our workshop’s mission is to teach children basic skills using technology and creativity as an educational tool. For the past two decades and in conjunction with the “Departamento de Educación de Puerto Rico”, “El Taller de Fotoperiodismo” has been investing in “Puerta de Tierra” teaching special educational courses (*math, english, etc*) and creative projects (*photography, journalism, music*).

“El Taller de Fotoperiodismo” has an unfailing commitment with our community and we believe that any project destined for the betterment of its infrastructure will benefit the ongoing development of our neighborhood. We hope we can work with any and all significant efforts that may promote a positive impact in Puerta de Tierra.
